

8th September 2020

We are aware of an extremely distressing video circulating on social media of a man ending his life. Despite Mrs Campbell-Robertson warning pupils of the consequences of showing videos to other pupils at today's daily briefing, it appears that some pupils have disregarded this advice. Not only is this showing a lack of respect for others it has caused significant distress to some pupils. I would be grateful for your support in ensuring that pupils do not share this video with others and if they have it on their phones, they delete it or any links to it immediately.
