Support sessions for pupils studying National 3 and National 4 courses

Dear Parent / Carer,

I have identified that your child / ward may be studying for either a National 3 or National 4 qualification this session. With this in mind I am writing to you to inform you of the support sessions that will be on offer during study leave.

While a number of pupils have taken the time to identify the sessions they can attend, I am aware that a number have thus far failed to do so.

The support sessions have been offered by our staff to allow pupils to commit further time to the course and allow them to work on any areas of difficulty they may have encountered thus far. It will also provide an opportunity to catch up with any outstanding assessments should it be required.

Success within these levels should provide a solid foundation in which to build future success at a higher level within a subject and thus committing extra time can only be beneficial in the long term.

Overleaf you will find the periods in which support sessions are on offer for specific subjects. I would appreciate it if you could encourage your child / ward to attend the sessions that are applicable to them and don't clash with any of their examination commitments, should they have any.

If your child / ward has not signed up for a session but would like to do so, they should simply turn up at the school reception to sign in before heading up to the support session they are keen to attend.

Yours faithfully,

Craig Cowie

Depute Head Teacher

National 3 and National 4 Assessment Support Schedule

Please note these sessions will run during both weeks. You will be guided to the teacher overseeing the support classes upon arrival within the department. Please tick beside the sessions you will attend

Day	Periods	Subject	Week 1	Week 2
