

Dear Parent/Carer

### Portlethen Academy Reopening Arrangements

Thank you for your support today when we were forced to close the school due to the heavy rainfall and the damage this caused. We were highly disappointed as today was meant to be the first step in all pupils returning. Robertson, our facilities managers, have reviewed the situation and have had staff on site today carrying out repairs. All safety systems will be reinstated for Thursday 13 August however we will have to operate with some limited capacity. As such, our reopening plans are:

Thursday 13 August - S1 and Senior Buddies only

Friday 14 August – S1, S4, S5 and S6 only

Monday 17 August – All pupils

This arrangement will allow us to build towards full capacity on Monday and to test our procedures and systems as laid out in our Reopening Advice. We appreciate this is a day later than intended for S4-6 and we apologise for the complications this will create for some families.

Thank you for your support in this and we look forward to having all pupils back in school.

Yours sincerely

Neil Morrison  
Head Teacher
