

Additional Support for Learning (ASL) – During Covid-19 Closure

The Additional Support for Learners Faculty are here to support your young person at home during this critical time. If your young person is finding it difficult to access or complete the work that has been set online for any reason and they would like some help, please contact us on the main school email portlethen.aca@aberdeenshire.gov.uk referencing it 'ASL Support'.

Just state your young person's name, class and what they would like help with, in your email. We will then contact them directly using their Glow email account or you, if you prefer. If they have an ASL teacher that they are used to working with in class let us know and we can put them in touch.
