

Dear Parent/Carer

We are emailing you to advise you that there will be an increase of 5.9% on some products sold in our Academies, this increase will be implemented from Monday April 17th 2023. We have looked at different products and recipes to minimise the price increase whilst never compromising quality or reducing the portion sizes. The good news is that we are not increasing the price of our Soup, Main Cooked Meals, Salads, Baked Potatoes and of course our Smart Choice Meal Deal will remain the same which offers great value for money. All our menus conform to the Scottish Governments Nutrition Act 2020. I have attached a pricelist to this e-mail so you can see what the updated prices look like.

This increase is due to the increased cost of our raw materials and production, as you are aware the cost of food has risen higher than most other products and Aberdeenshire Council have not been immune to this rising cost.

We greatly appreciate the pupils eating with us and are passionate about what we do and are proud of the food we serve and look forward to feeding the pupils in the coming months and years.

Kind Regards

Ian Paterson
Catering Service Manager
