

GOOSE – May 2024

STAGE 1

For Stage 1 of planning for GOOSE Week, we need to first establish how many people wish to go away on a residential trip. We need to gather information on numbers of pupils interested in each trip, in order to confirm whether each of the trips below is viable.

At this stage we are asking you to do two things:

- 1) Tell us whether you would prefer residential or day trips;
- 2) If you select residential as your preferred option, tell us which of the below trips is your first choice, and which is your second.

The MS form below needs to be filled in by **Tuesday 26th September 2023**.

Once we know which trips are viable, this will be communicated with our young people and parents/carers and we will ask for a preference ranking for the trips.

Trips will only go ahead if we can fill the minimum pupil numbers required and if the trip you choose does not have enough pupils, we will be able to suggest similar or alternative trips.

Those pupils who intend to select day trips, and not residential trips, will receive further information once we have confirmed which residential trips can go ahead.
